THE BIG CHARGE FOR THE

20/09/10 - 24/09/10

8am-8pm

VILLAGE AGE GREEN.

The show must go on... but we need **YOU** to make it happen! 10 bikes will be sitting in Chalkwell Park from 20th to 24th September waiting for riders. These bikes are connected to a battery which needs to be charged up in time to power The Green Stage at Village Green on Saturday 25th September. 500 hours of pedalling are needed, so get a group of your friends or colleagues together and you can be part of this amazing event – the first of its kind in the UK. See if you can top the leader board by producing the most wattage either as an individual or a group or just come out and join in the fun.

Pedal slots are available for groups of 10 people from 8am to 8pm from the 24th to 25th September, remember it must be ten people per slot

To book a slot please email

thebigcharge@metalculture.com or call **01702 470700**.
